Thank you!

Dear KOPL Volunteers and Sponsors,

Thank you for your kind and generous contribution to our 2009 Kids on Public Land event. Thanks to your donation of time, money and gifts our program continues to be a successful event year after year.

Almost 100 boys and girls from the Anaheim YMCA and Anaheim Cops 4 Kids/APAL participated in the 11th Annual Kids On Public Land event at the Big Bear Discovery Center in Big Bear, California on Sept. 20-21, 2009.

Each child was able to ride in a 4x4 vehicle through the forest, talk on a CB radio, personally chat with their driver and learn some Big Bear history. At the Discovery Center, the kids panned for gold, learned about motorcycle and ATV safety, and enjoyed exhibits featuring animals that make their home in the forest.

The children and volunteers were treated to a finely prepared BBQ lunch which included all-can-eat hamburgers, hot dogs, fruit salad, beans, chips, and an ICEE for dessert. At the end of the day each child received a goody bag filled with hats, toys, stickers, and assorted gifts donated by our generous sponsors and volunteers.

Over 100 volunteers, supported by the business community, worked together with the Anaheim Cops4 Kids/APAL and the Anaheim YMCA to provide these children with an outdoor experience they're sure to remember for years to come.

This program's continued success is all thanks to you, our sponsors and volunteers. But don't take my word for it....we asked the kids to write down what they liked most about their day and the majority of their responses point to the attention and kindness they received from you. I hope you'll take a few moments to read each of the kids' notes that we've included.

Thank you for all that you do!

*Sincerely,
Stacey Harrold
2009 KOPL Chairman*

Goodie Bags for the children had lots of items!
